1. The meeting was called to order by Bob at 6:33 PM and a quorum was established.
2. Bob led the Pledge of Allegiance and a moment of silence for those in the Armed Forces
3. David Lazaro from TXDOT gave a report concerning the ongoing I45 road work.
 - a. Reasons to widen the freeway are to improve drainage and streamline the hurricane evacuation route.
 - b. Current cost-\$226 million
 - c. Completion projected for late 2027.
 - d. Currently working on moving underground utilities
 - e. Once the frontage road and sound wall are complete, traffic will be diverted off I45 to begin the widening process.
 - f. Entrance into OB on the north side will not be reopened until the completion of the I45 road work and traffic is routed back onto the freeway from frontage road (2027). This is due to the safety concerns for the residents exiting OB.
 - g. There are options to adjust the width of the shoulder road for extra turning issues.
 - h. The intersection of Hwy 6 and I45 will be remade into a normal diamond shape intersection.
 - i. The widening process will only be completed to the Galveston Causeway. There are not any plans for construction of the causeway.
 - j. TXDOT will construct and maintain OB concrete ditch located by the sound wall.
 - k. Some concrete “toe or lip” will be added along the outside of the concrete ditch to help strengthen the base for the new OB road repairs
 - l. All landscaping will remain where it is.
 - m. TXDOT will talk with the contractors concerning:
 - i. Excessive dust and dirt; residents complain of respiratory issues.
 - ii. Spraying the ground with water

- iii. Trash and debris left in the ditch and along the construction site.
 - iv. Contractors being rude to the residents.
 - v. Fast and reckless driving.
 - n. Demolition of the frontage road will not cause much more dust or noise due to it is asphalt.
4. Reagan and Eric spoke concerning the sound wall:
 - a. Construction should begin sometime this year.
 - b. Wall will be completed before traffic is detoured off I45 onto the frontage road.
 - c. There should not be any night work to keep the noise level down.
 - d. The sound wall will be 14 feet high (2nd and 3rd level houses will be able to see over) and will only control ground noise.
 - e. Drainage from the wall will not increase the flow of the water into the canals.
 5. Approval of the January 19, 2023, meeting minutes, Robert/Sherryl 2nd-passed
